REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art of record do not anticipate nor do they reasonably suggest the cutting device as claimed in claim 1. The closest prior art, JP 3005689 (hereinafter referred to as JP '689) teaches a cutting device comprising a cylindrical cutter rod (e.g. at 40) having both small and large diameters with the small diameter having a flat surface for a flat movable cutting tool (50). However, the cutting tool lacks the cutting edge with a length greater than the diameter of the cutter rod and protruding parts as claimed. Moreover, none of the other prior art of record fairly teach or suggest this lacking feature. Thus, it is believed that the claimed invention is allowable over the prior art of record. Note Figs. 2-5 of application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles Goodman whose telephone number is (571) 272-4508. The examiner can normally be reached on Monday-Thursday between 7:30 AM to 6:00 PM EST.
